

**NATIONAL INDUSTRIAL CORRIDOR DEVELOPMENT CORPORATION (NICDC)
LIMITED**

Job description for the post of “Manager-Urban and Regional Planning”

COMPANY PROFILE

National Industrial Corridor project vision is to create strong economic base with globally competitive environment and state of the art infrastructure to activate local commerce, enhance foreign investments and attain sustainable developments.

The project is conceived to be developed as a Global Manufacturing, Investment Destination Hubs and Smart Cities with the best in-class infrastructure. The concept of formation of Industrial Corridors has been envisaged on the backbone of major transportation corridors like Eastern & Western Dedicated Freight Corridors and some of the recently announced freight corridors i.e. East West, East Coast and North South, Expressways and National Highways, proximity to ports, airports, etc. The objective is to create greenfield smart industrial cities with sustainable, ‘plug n play’, ICT enabled utilities to facilitate the manufacturing investments into the country by providing quality, reliable, sustainable and resilient infrastructure for the industries.

Besides, it is also facilitating to build a world class Exhibition & Convention Centre and Mixed-use development, one of the largest facility first of its kind in India through India International Convention & Exhibition Centre (IICC) Ltd. The company has been incorporated as a Special Purpose Vehicle (SPV) for the implementation and development of the project with 100% equity from Government through Department for Promotion of Industry and Internal Trade. The project is located in National Capital Region, Sector-25, Dwarka, New Delhi and is being built over an area of 90Ha with approx. one million sqm of construction development. This is an iconic project of Government of India and is aimed to develop the Indian MICE market for growth of industrial development in the country. The project has innovative design concepts and novel green building features and is envisaged as internationally recognized architectural icon. NICDC is acting as the knowledge partner for this project.
